

Overview of the activity

The aim of the activity is to increase the user's knowledge of ICT (hardware) and to keep up to date with current developments.

Objective of the activity

The aim of this activity is to enable users to receive online hardware training and to reinforce their existing theoretical knowledge with practical training.

Lesson / Session Plan.

What are the steps to complete the activity?

1. Go to <https://www.learnvern.com> web site.
3. Create an account.
4. Chose the Hardware category.
5. Complete 18+ hours of on-demand video lessons.

Evaluation of activity

No evaluation at the end of the course as the free version does not provide a certificate

Materials:

The following materials will be needed: Computer, tablet or smart phone, web browser and internet connection.

The screenshot displays the LearnVern website interface. At the top, there is a search bar and a 'Share' button. The main content area shows the course title 'Computer Hardware' with a rating of 4.6 (267 reviews) and 35020 active learners. Below this, it lists '18+ hours of on-demand video', '0 Downloadable Resources', 'Access on Mobile and TV', and 'Life Time Access'. A video player thumbnail for the course is visible, with a yellow 'Enroll Now For Free' button. On the right side, a sidebar menu lists various course categories such as 'Courses in English', 'Courses in Hindi', 'Courses in Bangla', 'Courses in Tamil', 'Courses in Telugu', 'Stock Market', 'Import Export', 'HR Recruitment', 'Personality Development', 'Soft Skills', 'Spoken English', 'MS Office', 'Tally', 'Customer Service', 'Sales', 'Graphic Design', 'Web Design', 'Mechanical', 'Civil', 'Electrical', 'Hardware', 'Networking', 'Cyber Security', 'Hacking', 'Machine Learning', 'DataScience', 'Programming', and 'Software Development', 'Mobile App', 'Testing'.
